### Description

FSC-80T Tracked Conveyor (2 Available)

The FSC-80T is a 36" x 80' tracked stacking conveyor built for efficient material handling and high-capacity stockpiling. Ideal for quarry, aggregate, and recycling applications, it offers excellent mobility and performance.

Key Specs:

- Discharge Height: 35.2 ft. at 23° incline
- Stockpile Volume: 2,135.87 yd<sup>3</sup>
- Belt: 3-ply vulcanized, 3/16" x 1/16"
- Trough Angle: 35°
- Belt Drive: 630 cm<sup>3</sup> hydraulic motor

Boost productivity and reduce material handling with this heavy-duty, mobile solution.
